

INTRODUCTION TO DIGITAL PHOTOGRAPHY CONGRATULATIONS! You have completed this course! I hope you enjoyed it. Please use this week to turn in any late or missing assignments. I will be posting grades and on all assignments by Sunday of Week 15. I cannot accept any late work. If you would like, please send me an email and describe your experience with this class. What did you find frustrating? What did you enjoy? Was there anything you wish we had learned that we did not cover? Any feedback you may have will help me refine future generations of this course and will ensure that other students will enjoy it and find it worthwhile
