

Academic Innovation and Distance Education

Week Fifteen

The goals of this lesson are to write an artist's statement and upload your final portfolio to Digication.com

Upon completion, students will be able to:

1. list the components of an artist's statement
2. explain the purpose of an artist's statement
3. demonstrate how to post an artist's statement to digication

Assignments

1. Edit Your Images. Create Your Final Portfolio

Take a look at all of the images you created throughout the semester. This week, edit your work down to 10-15 of the strongest images that reflect your topic.

2. Complete Your Artist's Statment

Use the handout provided last week for inspiration. Check the Artist's Statement rubric in the General Course Info folder for grading guidelines.

Once you write your statement, upload it to Digication.com alongside your final portfolio.

3. Post final portfolio and artist's statement to Digication.com!

Make sure to label your portfolio "Final Portfolio". It should be easily accessible and clearly labeled. Your Final Portfolio and Artist's Statement are due by the end of Week 15 (this week).
